

# ACO REACH: OHANA PACIFIC HEALTH

## PARTNERSHIP FOR BETTER CARE

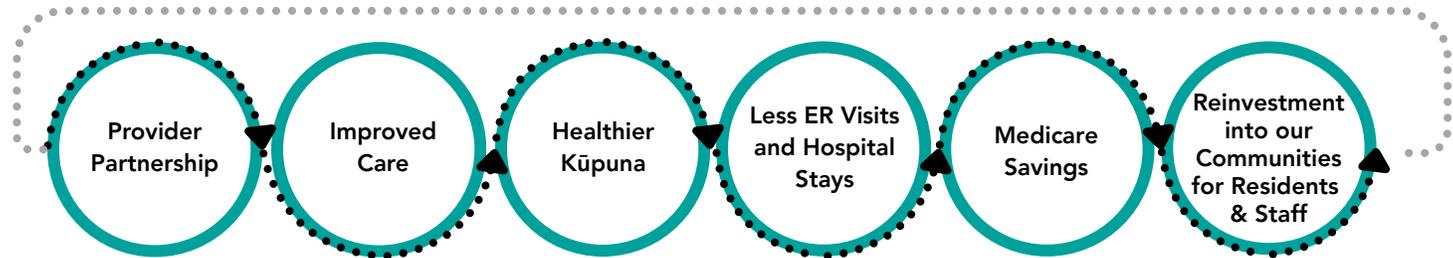

### CARING FOR KŪPUNA IS OUR MISSION

Day in and day out, our mission is to care for kūpuna. ACO REACH forms a partnership that fosters collaboration to provide high-quality, proactive care for kūpuna, keeping them healthier, out of the Emergency Room, out of the hospital, and in familiar settings, when appropriate.

**SHARED SAVINGS & REINVESTMENT**

We can reinvest savings earned from improvement in care into our communities to further support our residents and staff.

### WHAT IS ACO REACH?

### BETTER CARE, COORDINATION, & QUALITY OF CARE

ACO REACH will provide additional tools and set of eyes that help us:

Identify changes in our residents' health early so we can proactively care for them.

Refer a resident to therapy or skilled care, if needed. They don't need to go back to the hospital to qualify

Build stronger care teams coordination and insights into the quality care we are providing

### WHAT THIS MEANS FOR OUR RESIDENTS AND TEAM

Opportunity to be trailblazers! We are the FIRST long-term care based ACO in the State of Hawai'i! This is an opportunity for professional growth through involvement in care transformation across our state.
